

## DIN Rail Mount 35 mm hour counters CHMDR Part number 99793710

- Width equivalent to 2 modules
- Capacity 100,000 hrs (99,999.99 hrs)
- Extended temperature range : -10 → +70 °C (AC version)
- DIN rail mounted according to EN 50022
- IP65 on panel
- Highly resistant to shocks and impacts
- Colour : RAL 7035 grey
- Screw terminals

### Part numbers

| Type           | Operating frequency (Hz) | Voltages |
|----------------|--------------------------|----------|
| 99793710 CHMDR | 50                       | 24 VAC   |

### Specifications

#### General characteristics

|                                 |   |
|---------------------------------|---|
| Counting capacity               | 99,999.99                                 |
| Reset to zero                   | Not included                              |
| Read accuracy                   | 1/100 h                                   |
| Height digits (mm)              | 3,5                                       |
| Colour of hour numbers          | White on a black background               |
| Colour of decimal digits        | Black on a white background               |
| Accuracy                        | VAC/VDC : < 0.01 % (24 hrs)               |
| Counting input mode             | Addition                                  |
| Degree of protection front face | IP 65                                     |
| Tolerance                       | VAC± 10 %                                 |
| Temperature limits use (°C)     | VAC : -10 → +70<br>VDC : -10 → +50        |
| Temperature limits stored (°C)  | -40 → +80                                 |
| Certifications                  | CE  |
| Connection                      | Screw terminals                           |
| Consumption                     | VAC : approx. 2.5 VA<br>VDC : approx. 1 W |
| Vibration resistance            | 1G (10-500 Hz)                            |
| Test voltage for AC models      | 2 000 VAC 50 Hz                           |
| Weight (g)                      | 60  |
