

Data sheet MATRIX light guide Light barrier with silicone protective sleeve

Light guides suitable for optical sensors M30 x 1,5. The light guides are mounted with a union nut M30 x 1,5. These are usually not included in the scope of delivery and must be ordered separately. (Union nut M30x1,5 // 20mm)

Function	Light barrier
Structure	1-armed
Arm lengths	Fixed, cannot be cut to length, Length tolerance +/- 50mm
Fibre	Glass fibre bundle
Active area	Fibre bundles mixed or separated
Coat	Silicone
Bending radius	50mm
Headboard	Steel / Alu
Operating temperature	0°C to 120°C
Working distance	Depending on the arm length from the light guide and the sensor performance
Light frequency	Preferably infrared
Light attenuation	Yes

25.11.21/PH
